

Mimo Magic Monster

UM-1000 10.1" USB Monitor by Mimo Monitors

The Mimo Magic Monster combines the best features of our Magic Touch with a resistive touchscreen.

10.1" USB Monitor

Mimo's new Magic Monster combines the best features of our Magic Touch line of monitors with the Monster's popular resistive touchscreen. The Mimo Magic Monster is a perfect solution for touchscreen control panels in such applications as corporate videoconferencing, data entry/capture, smart home entertainment systems, and industrial/manufacturing controls. It is also ideal for a range of other touchscreen applications in healthcare, hospitality, retail, education, sound/video editing, and many other industries.

General Specifications:

- Resistive touchscreen
- Fully compatible with Windows, Linux and MAC OS X
- 1024x600 resolution
- 10.1" screen
- Sturdy, adjustable dock/base
- Screen can also be removed and used independently, as a tethered tablet or mounted (VESA 75) screen
- USB cord included

Applications:

- Kiosk information system
- Gaming and amusement
- Light industrial shop-floor automation
- POP/POS
